- Interactive touchscreen
- Quiet Brew Technology®
- Energy-saving mode
- Instant hot water
- K-Cup® pods

Beautiful on the outside, the best technology inside

Quench 170. The Quench 170 uses Keurig® technology to brew a fresh cup of coffee, tea, hot chocolate, or iced beverages in under a minute with the touch of a button. With an interactive touchscreen and a wide variety of available K-Cup® pods, users can brew up to five different cup sizes – 4, 6, 8, 10, or 12 oz. – of their favorite brand and flavor. The Quench 170 comes equipped with Quiet Brew Technology® which ensures the brewing process is so quiet that the only way to tell that coffee is brewing is from the aroma of fresh coffee. With its energy-saving mode, the Quench 170 will automatically turn off after 90 seconds of non-use.
