

Quench 150: Thermal Coffee Brewer

- ☪ Advanced digital system
- ☪ Stainless steel carafe holds 64 oz.
- ☪ Pulse brewing technology
- ☪ Hot water spigot
- ☪ Energy Efficient

Beautiful on the outside, the best technology inside

Quench 150. The Quench 150 is a thermal coffee brewer with stainless steel carafe that holds 60 oz. of hot, fresh coffee for up to 6 hours. Equipped with an advanced digital system, the Quench 150's pulse brew cycle will only begin when the water has reached optimum brewing temperature for hot, fresh coffee every brew cycle. The Quench 150 is also equipped with a hot water spigot, perfect for tea, hot chocolate, and soup. The Quench 150's energy save mode automatically reduces energy consumption when the brewer is idle.
